

CAIE BUSINESS A-LEVEL COMMAND WORDS

DEFINE

AS ONLY

To give the exact meaning of a term or concept.

Define the term 'public sector'

Organisations that are owned/controlled by the government

EXPLAIN

AS ONLY

Make clear meaning of concepts or relationship between concepts. May require application (details from case study)

Explain the relationship between a mission statement and a business objective

The mission is the aim, but the business has the specific targets called objectives to reach that aim

CALCULATE

AS&A2

Work out from given facts, figures or information in case study

Calculate the rate of labour turnover for the whole of JS in 2018.

$(\text{Number of employees who left} / \text{Total number of employees}) \times 100$

$(7400/40000) \times 100 = 18.5\%$

ANALYSE

AS & A2

Build a chain of analysis explaining the impact

Knowledge + Application + Analysis + Further Analysis

Analyse one economy of scale and one diseconomy of scale which may affect JS.

(K) Marketing economies of scale

(AP) Because JS has an outlet in every major town and city

(AN) JS can use nationwide advertising campaigns which are likely to have less cost per potential customer who sees it

(DEV) which means JS has more money to spend on finding people jobs

DISCUSS/EVALUATE/ RECOMMEND

AS & A2

First analyse your choices, then make a decision and justify your choice

Recommend how JS could improve the motivation of its employees in Department A. Justify your recommendation.

Overall pay could help to improve the motivation of the employees in Department A (EVAL) because it has the highest labour turnover rate and the biggest reason is poor pay (EVAL).

However, it depends on whether JS can afford to increase pay enough to make a real difference to the motivation of the employees (EVAL).

7 TIPS FOR SUCCESS IN ALL CAIE BUSINESS A LEVEL QUESTIONS
